Welcome to this month's Port River Marine Monthly!

April was a very busy month here at Port River Marine. The cooler months have marked the start of the off season for a number of commercial fishermen with customers returning for their annual repairs, maintenance and any needed modifications. Increasingly, we have been servicing a wide range of government departments with completed services this April for pilot boats, an ASC chase boat and a fireboat.

May is going to be yet another busy month for events. An event that we are particularly excited about, which we have mentioned in previous emails, is the Sanctuary Cove International Boat Show. We will be representing Maritimo for South Australia over four days and are looking forward to travelling to Queensland with Adelaide residents to attend the

highly-anticipated event. Held 24-27 May 2018, this is an event that is not to be missed.

Another event to keep an eye out for this month is the Port River Marine Winter Series conducted through the CYCSA. We have been sponsoring the CYCSA sailing season for over 20 years and are looking forward to sponsoring the Winter Series again this year. Held from the 20th of May through to August, this event runs in conjunction with the Royal South Australian Yacht Squadron and sees a combined fleet of over 35 boats. See you there!

As always, we have some fantastic new listings this month and a number of boats with further reductions. Check out the latest in our brokerage below.
